Excess Supplemental

Use alongside applicable ACORD applications and supporting documents. Complete only details missing from them; reference an existing answer or attachment. Mark unknown information clearly.

Named insured / application reference

Requested structure and unresolved requirements

Requested attachment point / layer (reference the underlying coverage)

Annual practice or project placement (identify the project if applicable)

NY Labor Law coverage needed? Yes / No / Unsure

Contractual limit or coverage requirements not already addressed in the application

Underlying deductibles / retentions not shown on attached applications, quotes or policies

Use ACORD 131 and attachments for underlying schedules, exclusions and loss details. For unanswered construction exposures, reference the Contractor Supplemental.

For appointed agency review. This supplemental does not establish eligibility, quote or bind coverage.
Attach applications and supporting documents in your own email app and send to:
